

Finally, as gazetted by the Government, we now can take leisure bookings for guests!!!

Bookings are available from the 17th August 2020 but only in our Self-Catering Chalets - 1 Bedroom and 2 Bedroom Units and let us not forget about those of us who have Fur Babies, our Pet Friendly units are also available. Limited service.

Get away to the mountain's and fresh air, after being locked up for so long. Become one with nature again in the Okhahlamba World Heritage Site overlooking the majestic Amphitheatre Mountain of the Drakensberg Mountain Range.

We have 10 Chalets as per Government legislation and can only accommodate 2 adults in the 1 Bedroom units, 2 adults and 2 Children in the 2 Bedroom units and 2 adults and 2 Children in the 2 Bedroom Pet Friendly units plus your pet (Dog/s Maximum 2 under 15kg's) - (parents and their children no exceptions).

Persons in high risk and vulnerable groups such as an advanced age or with pre-existing medical conditions are advised to rather postpone their travel during the pandemic.

You will have the most beautiful grounds to explore, on one of the many hiking trails that leave directly from the Hotel. For guests who would prefer to enjoy the beauty in a more relaxed manner, each Chalet has a private patio and braai facilities with the most spectacular views.

What Limited Service Means for you?

To ensure we open with your health and safety as a priority and remain within the regulations of the current COVID-19 lockdown level, we are opening our self-catering with limited service. Of course, we will adjust as the regulations and status changes over time.

Limited service refers mainly to our cleaning team and the availability of the Hotel Property and Services:

All units will be thoroughly deep cleaned and sanitized before your arrival

Our cleaning team will come in each morning to do a minor service which is changing your towels/linen if needed, washing dishes (weekends only) and emptying the dustbins. This will be done as quickly as possible, practising social distancing, and wearing masks. We ask that you vacate the chalet whilst the cleaning team is busy with your chalet. For long stays a deep clean and sanitization will be done on Monday's and Thursday's with a minor service every other day. No service on Sundays unfortunately.

A full and deep clean and sanitization will take place on your departure.

These protocols are in place for your own, and our teams Health & Safety

LITTLE
SWITZERLAND
RESORT
